Tee, hasn't experienced Music Camp yet but she has had a pre-taste of the wonderful experience through D'Soso camp in WA. Thank you Tee for your eagerness in sharing your testimony.

Hello everyone, My favourite verse is Jeremiah 29:11. It's says "For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." I want to tell you my testimony from my family, some of you may have heard about it but I bet you haven't heard my side of the story and how important it is to me.

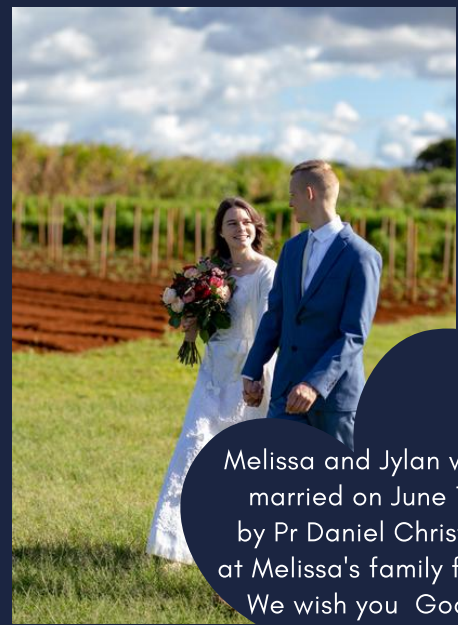

It begins when my parents wanted to leave the UK to go to another place because my family was lacking family time. It was my mum's wish to go to a country which could give us proper family time and spend time together. My parents, especially my mum, would always pray for God to open an opportunity for us to come to Australia.

To be honest I thought she was CRAZY, have you not heard all the stories of spiders, snakes and all the other dangerous animals in Australia THAT CAN KILL YOU!! Why would I want to move to Australia? Do I want to die before the age of 20. NOO!! (OF COURSE NOT)

Anyway back to the story, I remember when my mum started packing for Australia by faith, a year before we were actually moving and she would forget what she put in those boxes. The time came when we had to load all our stuff into the container to get shipped to Australia. Still to me I didn't believe I was going to move to Australia, I still thought it was dream. Every night, my mum would make us watch "Australia Borders" on TV. See page 2

That show is so scary. (Some of you may have watched it) Sometimes I dreamt that we would get stopped at the border and we would have to stay there for couple of days at the airport.

The Australian Border agencies are very strict and don't play games, but this is where God's hand played a massive part in my life when we arrived at Perth Airport. **We had 20 bags all together.** I was so nervous about going through security checks, because my mum forced us to watch Australian Borders. My heart was beating faster than every step I took. I wanted to run back.... but I couldn't. We started to line up in the queue so we could go through the customs. Then a border agent said " British people go to the left and everyone else to the right" at that moment I realised that we weren't going through customs. We were just going to walk past and not get stopped at all. Let me repeat myself we had 20 bags which had all sorts of things like; knives, a rice cooker, bedding, wooden spoons, kitchen utensils and many more which we needed on arrival whilst waiting for our shipped containers to arrive. We should have been stopped with the things we had in our bags. This man approached us and said " **Wow so any bags, too many for us to go through.**" Then he asked " **is there anything you haven't declared?**" My mum says in a loud voice "No " then my mum whispers to me says "Tadiwa, walk faster before they change their minds." From that experience I learnt not to doubt God because **He can do anything and when He opens doors no one can shut them. It also showed me that God has plans for each of us.**

As you see in my story that God had a plan for my family to be here in Australia for a reason. God knew that this was a best decision for my family so we could spend more time together as a family.

This has also showed me that God has a plan for me, I don't know what it is right now but later on I will. God plans not to hurt me or harm me but it's for me to succeed in life and to give me a future as long as I put all my faith in God and believe.

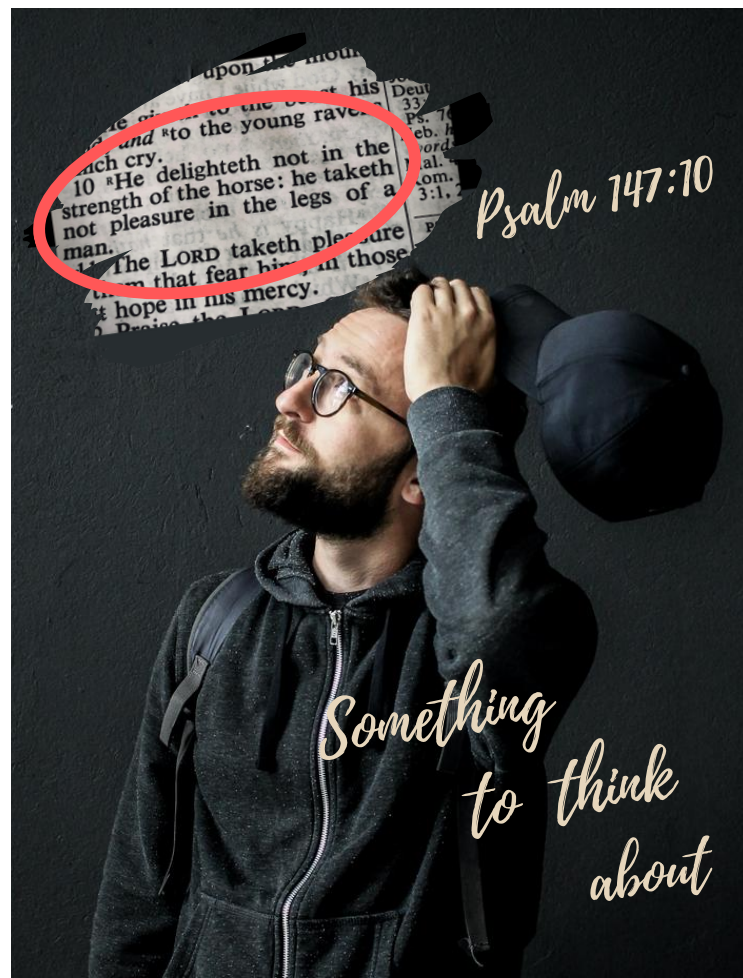

I want to remind you of just one thing that is to **never doubt, because God can open doors you would never expect to happen.** He is a powerful and almighty God. God can do anything just put your faith in him. TC

## Inspiration through singing

Often Jesus expressed the gladness of His heart by singing psalms and heavenly songs. Often the dwellers in Nazareth heard His voice raised in praise and thanksgiving to God. **He held communion with heaven in song;** and as His companions complained of weariness from labor, they were cheered by the sweet melody from His lips. His praise seemed to banish the evil angels, and, like incense, fill the place with fragrance.

**Act Positively in Faith**—Keep looking unto Jesus, offering up silent prayers in faith, taking hold of His strength,... Go right forward as if every prayer offered was lodged in the throne of God ...Go right along, singing and making melody to God in your hearts, even when depressed by a sense of weight and sadness.... light will come, joy will be ours, and the mists and clouds will be rolled back. And we pass from the oppressive power of the shadow and darkness into the clear sunshine of His presence.—

MUSIC FOR OUR MAKER

## Continuing Campfire Sharing with Abby

"Since I was little, I was always indecisive about what I wanted to do when I grow up.

Every week it varied from zookeeper to carpenter to even a policewoman. Then as I got a bit older, I was still unsure, but I did want to be one thing: a missionary. There's so many different ways and avenues to serve Christ.

Years went by and then somehow things obscured the multiple channels one can serve Christ and somehow I lost interest in wanting to be an active missionary and stuffed it on the back burner for a few years. People still asked me, "What do you want to do now that you're getting older?" And I'd literally have nothing to say. I was drifting and indecisive and there was nothing I really wanted to do that I could throw my whole heart and energy into.

But then, long story short, God-ordained circumstances and opportunities have come my way and I've rekindled the mission torch. Being a foreign missionary is something I wholeheartedly plan on doing, if it be God's will. Obviously there's more details to it than what I've mentioned, but it's so nice to know that there's a plan.- God's plan for our lives, and everything is in His hands.

There's so many people who need to be reached and so little time to do it – let's not be content going about our happy little lives and be blissfully ignorant of the poor suffering slaves who are dying to know the truth and be set free spiritually and even physically. These precious souls and the work commissioned to us is worth sacrificing and even dying for.

Keep them in your prayers and let's finish the work so Jesus can come and end all suffering and take us home!" Abby Placer
